Following the transactions carried out to date, as of 17 January 2025, Ecomembrane S.p.A holds 15,200 treasury shares, equal to 0,35% of the share capital.

Information about Ecomembrane

***Ecomembrane S.p.A.**, with registered office in Gadesco Pieve Delmona (Cremona) and North Little Rock (Arkansas, USA), has been operating in the renewable energies and biogas sector since 2000 and is managed by its Founder and CEO, Lorenzo Spedini. Ecomembrane considers itself one of the founding fathers of the modern era membrane gasholders and is specialised in producing gasholders, heat shields for anaerobic digesters, odour control-covers made in PVC-coated fabric membrane and all parts of products needed for the combustion of biogas and the production of electricity. The Company designs, produces, markets and installs components for biogas and biomethane production plants and gas storage systems such as biogas, methane, CO₂, hydrogen. It is also involved in the photovoltaic industry with its subsidiary SBS Solar, focusing on the sale of single-axis trackers and the development and construction of turnkey systems. The Company currently has more than 70 employees and is present commercially on all continents and in 40 countries, with offices and production units in Italy and the USA. Ecomembrane has installed its products around the world, from Minnesota (USA) to South Korea, Italy, Turkey and Malaysia. The commercial network is managed directly by Ecomembrane personnel for the Italian and American market, whereas it uses a widespread distributor network for the rest of the world.*
