

ECOMEMBRANE RECEIVES COMMITMENT FOR ORDERS FOR DOMES AND ACCESSORIES IN THE AMOUNT OF ABOUT 1.8 MILLION EUROS

Gadesco Pieve Delmona (CR), April 28th 2025- **Ecomembrane S.p.A. (hereafter “Ecomembrane” or the “Company”, ISIN IT0005543332)**, leading company in the design and construction of gas storage and containment systems for the production of green energy, listed on the EGM segment of Borsa Italiana S.p.A., announces that Renove Group S.r.l., a leading Italian operator in the construction and management of biogas and biomethane production plants, has undertaken to issue orders to the Company for the supply of gasometric and anti-emission domes including accessories worth approximately a total of €1.8 million for 10 plants to be built in Northern Italy. Estimated delivery times are expected between September 2025 and March 2026, Renove Group's commitment is subject to the finalization of the procurement contracts between the latter and the customers who own the aforementioned plants. Before to the issuance of individual orders, if necessary for the realization of the plant, the requests for changes to the contract terms shall be incorporated accordingly.

Information about Ecomembrane

Ecomembrane S.p.A., with registered office in Gadesco Pieve Delmona (Cremona) and North Little Rock (Arkansas, USA), has been operating in the renewable energies and biogas sector since 2000 and is managed by its Founder and CEO, Lorenzo Spedini. Ecomembrane considers itself one of the founding fathers of the modern era membrane gasholders and is specialised in producing gasholders, heat shields for anaerobic digesters, odour control-covers made in PVC-coated fabric membrane and all parts of products needed for the combustion of biogas and the production of electricity. The Company designs, produces, markets and installs components for biogas and biomethane production plants and gas storage systems such as biogas, methane, CO₂, hydrogen. It is also involved in the photovoltaic industry with its subsidiary SBS Solar, focusing on the sale of single-axis trackers and the development and construction of turnkey systems. The Company currently has more than 70 employees and is present commercially on all continents and in 40 countries, with offices and production units in Italy and the USA. Ecomembrane has installed its products around the world, from Minnesota (USA) to South Korea, Italy, Turkey and Malaysia. The commercial network is managed directly by Ecomembrane personnel for the Italian and American market, whereas it uses a widespread distributor network for the rest of the world.
